The following **1993 LIST PRICES** are for your use in working with your customers on service replacement parts. These prices are suggested retail.

The part numbers are in part number sequence. There is an illustrated drawing in the back of each **Installation and Operating Instructions** booklet. You can easily look at the illustration for the part number and refer to the price list for current pricing.

The list price is your cost doubled. Your cost is printed as the bin number in reverse order (05X730 is \$37.50). Note your cost does not include freight.

If you have any questions on the proper use of this price list, please give us a call.
